\* No data are displayed for groups with less than 40 students.

(1) AYP reading target = 43.58%, AYP math target = 40.54%.

(2) Safe Harbor is achieved if a group that does not meet the proficiency target in the current year has at least 95% tested and reduces the percent not proficient from the previous year by 10%. In 2006 the reduction in percent not proficient has been adjusted because of the difference in proficiency standards on the DC-CAS and the SAT9.

(3) Females, males, and migrants are not subject to AYP targets.

(4) This group includes at least one student who took the alternate assessment.

For best site experience, use Netscape 6.0+ or IE 5.0+, screen resolution of 800x600 (min).
