(1%) This school's proficiency rates are impacted by the 1% cap on alternate assessments. Click here for more information on the 1% cap.

* No data are displayed for groups with less than 25 students.

(1) AYP reading target = 57.69%, AYP math target = 55.41%.

(2) Safe Harbor is achieved if a group that does not meet the proficiency target in the current year has at least 95% tested and reduces the percent not proficient from the previous year by 10%. In 2006 the reduction in percent not proficient has been adjusted because of the difference in proficiency standards on the DC-CAS and the SAT9.

(3) Females, males, and migrants are not subject to AYP targets.

(4) This group includes at least one student who took the alternate assessment.
